Alcohol Free Surface Disinfectant – Coronavirus Efficacy

The Alcohol Free surface disinfectant manufactured by Topdental (Products) Ltd, and sold under tradenames Bossklein and Virofex, has been tested according to EN14476:2013 + A2:2019. The Alcohol Free surface disinfectant was found to be efficacious against Vaccinia virus in 2 minutes under dirty conditions. This enables Bossklein and Virofex Alcohol Free surface disinfectants to claim activity against all enveloped viruses in 2 minutes, including all Coronaviruses and SARS-CoV-2.

List of product codes this applies to:
